IN RE: Application of Carolina Power & Light	)	ORDER APPROVING
Company for Approval of Standby	)	APPLICATION FOR
Service Rider No. SS-2.	)	STANDBY SERVICE
	)	RIDER NO. SS-2

This matter is before the Public Service Commission of South Carolina (the Commission) on Carolina Power & Light Company's (CP&L's or the Company's) request for approval of Standby Service Rider No. SS-2. CP&L asserts that Standby Service is an optional service available to customers who own generation that supplies all or a part of their electrical requirements. Customers subscribe to Standby Service to replace generation normally supplied by their own equipment. CP&L states that Rider No. SS-2 recovers all of the costs associated with the provision of Standby Service and that the proposed rates and charges are competitive with the cost the customer would incur to provide his own Standby Service generation.

Pursuant to S.C. Code Ann. §58-27-820 (1976), the Commission hereby approves Standby Service Rider No. SS-2. The rider shall be effective as of the date of this Order. CP&L shall file ten (10) copies of the rider within ten (10) days after receipt of this Order.

IT IS SO ORDERED.
